

KIS believes that all people can be creative, encouraging,
and inspiring!

We are inspired by the author Peter H. Reynolds and
his book, The Dot.

We are celebrating International Dot Day on
Monday, September 16.

We will spend our day connecting with The Dot and students around the
world, encouraging others, finding inspiration, and creating our own
masterpieces throughout the day.

Wear your dotty, spotty clothes to school
and
bring in a used plastic bottle top to add to the PYP art
installation.

We can't wait to watch you shine!

Make Your Mark...

And See Where It Takes You
