

10th August 2019

Dear primary parents,

A very warm welcome back to everyone, and a big welcome to all our new parents. We are very excited about the year ahead.

In the coming week, we will be sending out information about the sports coaching programme and the after school programme.

Please take a moment to read what we have installed for you.

Primary Sports Coaching Programme

Our coaching programme trains and prepares student athletes to compete in our sports conference called AISAA (Asia International Schools Athletics Association) and by-invitational events throughout the academic year. "Wolves" is the name of the KIS sports teams when representing KIS in an inter-school competitions. Sports coaching at KIS invites students from as young as G2 (for some sports is as young as EY3) to be a part of the sporting teams. Students will go through team selection process which is held once at the beginning of the academic year. Students who are successful at team trial will be enrolled in the team. As part of the team member, they are expected to attend the required training outlined in the coaching schedule. Training depends on the coach schedule and facility availability. Most of the trainings occur during lunch time and after school hours.

Our KIS 2019 sports team selection will begin on the 1st week of school. Team selection for each sporting category will take place over 2 weeks. The sports coaching letter will be distributed to the parents on the first day of term.

Primary After School Programme (ASP)

Primary after school programme is organized for all primary students (EY1-G5). The main purpose of the programme is to offer activities that provide a variety of experiences to enhance student life and develop interests and hobbies outside of the regular curriculum. Educational and curricular activities may be offered in a less formal setting including subject based clubs and courses, small group tutorials, and homework support. These courses are scheduled outside regular KIS school hours, usually between 15:00 & 16:00 on weekdays.

KIS after school programme runs throughout the year with 2 times opportunity for parents to sign your child up. These opportunities takes place in August and in January. This year sign up will start from 20th August (3 p.m.) to Friday 23rd August (12 p.m.). After school classes begin on Monday 26th August and end on Friday 22nd November 2019. There are slight changes to the after school arrangement this year and hope that these changes will bring less disruption to the students transitioning in and out of the programme. More details will be shared with you in the coming week.

With this given information, parents must be aware when choosing to register for an after school class should your child be selected in the sports team since both programme run concurrently. Please note that KIS sports team takes priority and require attendance commitment over the after school programme.

Finally, please look out for those 2 communications in the coming weeks.

Should you have any questions, please feel free to ask for further information and clarification.

Yours sincerely,
