

Dear Parents,

As requested, KIS teachers have compiled a selection of holiday activities to support families and the community over the Songkran break.

We have tried as far as possible to select activities which do not require a lot of screen time and can use what resources you have available at home, there are many for you to choose from.

**These are all optional activities, there is no requirement to do any of them, just have fun.**

We ask that you **DO NOT** post any of your holiday activities on See Saw as this will have two effects for us:

- disrupt the flow of our learning platform fo when we return
- create a huge amount of additional work for teachers who will have to clear posts when we return, time we would rather spend constructing high quality learning for your children

Please follow the links to find **age appropriate resources** and **KIS Spirit Challenges**.

This link will take you to the [KIS Primary Library site](#) where you will find three pages developed especially for you to engage and enjoy:

1. [An online resources page](#)\_with online reading resources, read aloud sites and STEM resources
2. [The Holiday activities page](#) where you will find:
  - [a slide show of play engagements for EY1 and EY2](#) by Ms Marie
  - [a slide show of fun activities and stimulations for EY3 - G2](#) by Miss Kirsten
  - [a booklet of choice activities for G3 - G5](#) themed around the profile of Risk taker (compiled and kindly shared by PYP teachers at Malvern College in Hong Kong)
  - A selection of Physical Activity challenges from Mr Ben
  - Stem and Reading Bingo from Ms Lindsay
  - A selection of Musical Challenges and a singalong from Mr Chris
  - A few IT challenges from Mr Eric
3. [KIS Spirit Challenges](#)

We hope that you and your family have a safe 2 week break and we look forward to viewing what has been shared through the **KIS Spirit Challenges** on our return to being a community together.

Have fun and enjoy, Happy Songkran!
