

## General Information

- All Smart Card holders will be entitled to campus access and a full authorization to pick-up your child from school.
- The KIS Smart Card can be treated like a prepaid cash card and used at any store with the  “Smart Purse” logo.
- The Smart Card is valid for 5 years after the issuance date. The issued date and the valid thru date can be found on the card.
- Other terms and conditions of the Smart Card use can be found on the back of the card.
- It is important to understand that the smart card system is used to reinforce the security protocol and to protect the safety of your child; therefore anyone without a Smart Card will not be allowed into the school. Parents are advised to register each person, who is allowed to drop off and collect your child inside the school, with us so that we can issue them with a Smart Card.
- If parents or students forget their card they will have to sign in at the guard’s desk in order to gain access to the school. Please note that the verification process may take some time.
- **Primary school students**, we would recommend the use of their cards to be for entry to KIS only. However, should parents wish to let them use their cards outside the school as a prepaid cash card, please take extra care.
- **Secondary School students** can use the Smart Card at the canteen as a prepaid cash card. Students can top up the card at the school’s finance office or at any 7-Eleven stores.
- The card is not redeemable for cash. In case of loss, cash cannot be refunded.

### KIS Smart Card Regulations

- From October 2017, KIS will be providing 2 complimentary smart cards per family.
- Additional Smart Cards can be requested through the SEA department and will be charged at 400 baht per card.
- Replacement of lost or damaged card will be 400 baht and payable by the card holder.
- Smart card is non-transferable and should not be given to any other persons to access the school.
