27th November 2019

Dear Parents,

The Christmas and New Year celebrations, as well as having religious and cultural meaning for many, share a common message about giving and sharing and quality time with family. For some, however, this isn't the case.

Our Christmas tree is up and decorated in the atrium, and as in the past we have the opportunity to help some children and young adults in need. Through a variety of charities we can support learning disabled adults, underprivileged children and homeless teens.

Helping and giving is easy, we have hung holiday decorations on the tree, they include a photograph, the age and name of a child/person and their wish. Simply choose one, buy a gift (up to B1,500) and then make sure the decoration is taped to the gift and left under the tree by Friday December 6th. The deadline is important as they will be given at a Holiday Party the following day.

Thank you for your help in making this holiday season 'real' for children and families less fortunate than us.

Best holiday wishes,

June van den Bos
Primary Principal
