

The Tadpole Blues

Yesterday I had a body and a tail, a body and a tail, a body and a tail.
Yesterday I had a body and a tail, today I've got 2 legs as well.

Chorus

What is happening to me?

Whatever can it be?

I'm not very happy and that's because I liked the way I was.

Blow me down it's happening again, happening again, happening again.
Blow me down it's happening again, there's 2 legs growing at the front as well.

Chorus

What's going on my tail is getting shorter, tail is getting shorter, tail is getting shorter.

What's going on my tail is getting shorter, its going, its going, its gone!

Chorus

Well now I'm a frog and I've more or less got used to it, more or less got used to it, more or less got used to it.

But sometimes a tadpole swims up to have a quiet chat and I know what he's going to say.....

Chorus

Well listen...

It's really rather nice to be a frog, and live at the bottom of the bog.

So don't be perturbed or worry about a thing come on and sing, sing, sing.

La la, la la la la la

La la, la la la la la

la la la la la, la la la la

la la la.
