

10/03/21

Dear Parents,

After a review of the current Covid restrictions it has been decided that we will be resuming the swimming component of our PE curriculum starting next Tuesday, 16th of March. If your child has swimming in the periods before lunch, please send your child to school in their swimsuit, underneath their uniform. Please don't forget to send underwear! Students who have swimming after lunch will change during lunch time prior to their lessons. Please remember to send their swim kit, we do have extra swimsuits if anyone forgets, but it is better to be using their own whenever possible. These changing guidelines will help to support social distancing when changing and entering and exiting the pool. Please check with your child's teacher and/or class blog regarding any specific requirements.

Please be reminded swimming is a part of the curriculum, as well as being a really effective way of keeping fit and healthy it also promotes confidence and is an essential life skill for our students. If your child is not participating, please provide a medical note or keep your child at home if they are sick. Many thanks for your support.

If you have any questions please do not hesitate to ask, we are looking forward to adding the essential part of the curriculum back into our weekly programme.

Warm Regards,

June van den Bos
Primary School Principal
KIS International School
