Two 8-minute halves

Halftime is two minutes

*Running time, except clock stops last two minutes of second half

If tie game, there will be one 2 minute overtime (clock stops last 30 seconds) and if score still tied, 3 free throws from yellow stripe, then sudden death.

*Running time means that the clock does not stop for every whistle, only for a foul in the act of shooting (free throws) and time outs by either Coach or Referee. Substitutions must be from the scorer's table and done efficiently as the clock will not stop for subbing during running time.

Please have each of your players bring a refillable water bottle. We are plastic free!
